3. A hand count of the ballots must be tallied not less than two times by the hand count tally team for each contest on the ballot that will be hand counted. The results of each tally of the ballots for each contest must match exactly. If the results do not match, the hand count must be conducted again until the results match one of the previous tallies.

4. In addition to the requirements of NRS 293.367 to 293.370, inclusive, each hand count tally team shall process the ballots in the following manner:

(2) In the tally book, place a short perpendicular hash mark opposite the name of the candidate or ballot question voted for the first through fourth vote for the same candidate or ballot question.

(3) For every fifth vote for the same candidate or ballot question, place a horizontal hash mark through the previous four perpendicular hash marks. One of the tally clerks shall then clearly announce:

(I) The fifth vote throughout the course of the tally; and

(II) The total number of hash marks for each candidate or ballot question.

(f) If the tally clerks agree on the total number of hash marks for each candidate or ballot question after the total has been announced pursuant to paragraph (e), the tally clerks shall make a mark above the five hash marks to indicate that the count of both tally clerks matched.

(g) If the count of the tally clerks:

(1) Matches, the tallying must continue.

(2) Does not match, the reason for the discrepancy must be identified and corrected before the hand count tally team may continue tallying.

5. The Office of the Secretary of State may supervise or assist in a hand count of the ballots voted if requested by a county clerk, but the county clerk is the party responsible for the hand count.
