Pursuant to state and federal law there may be a change in the number of registered voters after a statewide general election due to required maintenance of the statewide voter registration list.

This report has been generated from Nevada's statewide voter registration database. The transmission of registration information between the counties and the statewide database does not take place in real time. As a result, the numbers reflected in this report may not represent registration numbers reflected in the county database at the precise moment a report is generated.

"**Total Voter Registration**" reflects all registered voters in the state that will be eligible to vote by the next federal primary or general election. This includes the following voter statuses: active, inactive, and P-17. Not all county databases may have voters in all voter status categories.

"**Active Voter**" status includes any registered voter that is legally entitled to vote. This category includes new registrants who have provided all critical eligibility criteria but are missing additional non-critical information from their applications, as well as existing registered voters whose records are being updated or changed.

"**Inactive Voter**" status includes any voter for whom a county has received: 1) a returned residency confirmation mailing without a forwarding address within the same county, or 2) information obtained through the United States Postal Service National Change of Address (NCOA) database indicating that a voter has moved outside the county. An inactive voter is eligible to vote so long as they have met all other legal requirements to vote.

"**P-17 Voter**" status includes any registered voter who was under 18 years of age at the time his or her voter registration was submitted, but will be age 18 years of age or older by the next federal primary or general election and who has met all other legal requirements to vote.
