EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: § 1, NRS 293.124 and 293.247; § 2, NRS 293.124, 293.247, 293.540 and 293.543.

A REGULATION relating to elections; revising certain election provisions related to persons convicted of a felony; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law: (1) requires a county clerk to cancel the voter registration of a person upon the determination that the person has been convicted of a felony and is currently serving a term of imprisonment; (2) provides that a person convicted of a felony who has served his or her sentence and has been released from prison is immediately restored the right to vote; and (3) authorizes any such person to reregister to vote upon release from prison. (NRS 213.157, 293.540, 293.543)

The election official must also inform the person that although a provisional ballot may be cast at the incorrect precinct, the provisional ballot will not be counted unless the requirements of subsection 3 are satisfied and the voter casts the provisional ballot at a polling place that is located in the congressional district in which the voter resides.

3. A county clerk shall count a provisional ballot if the county clerk determines that all the following requirements were satisfied by the date of the election for which the provisional ballot was cast:

- (a) The voter was properly registered in the county where the provisional ballot was cast;
- (b) The voter was a citizen of the United States;
- (c) The voter was 18 years of age or older;

- (f) ~~The voter had not been convicted of a felony or, if the voter had been convicted of a felony, the civil rights of the voter had been lawfully restored;~~
- ~~(g)~~ The voter signed the required affirmation;

~~[(h)]~~ (g) If the provisional ballot was cast at a polling place, the voter did not cast any other ballot ~~[-, including an absent or mail-in ballot;~~

~~[(i)]~~ ;

(h) If the voter did not show proof of residence and identity at the time he or she registered to vote, that the voter provided official identification establishing residence and identity by 5 p.m. on the Friday following election day;

~~[(i)]~~ (i) The voter cast the provisional ballot at a polling place that was authorized to accept a ballot for the congressional district in which the voter resides; and

~~[(j)]~~ (j) The provisional ballot cast listed the correct federal offices for the congressional district in which the voter resides.

4. The county clerk shall, not earlier than 5 p.m. on the Friday immediately following election day, post and submit to the Secretary of State the totals of provisional votes counted. The county clerk shall post and submit the updated results in the same manner and form as election day results.

Sec. 2. NAC 293.414 is hereby amended to read as follows:

293.414 1. The Secretary of State will immediately provide the county clerks with any information the Secretary of State receives from the Attorney General of the United States *or the Department of Corrections* regarding ~~[(the conviction of)]~~ any person ~~[(of a felony)]~~ *who is convicted of a felony and sentenced to a term of imprisonment.*

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: § 1, NRS 293.124 and 293.247.

A REGULATION relating to elections; revising provisions related to a postelection audit of voter verifiable paper audit trail printers; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing regulations require, after each election, a county clerk to conduct a postelection certification audit of a certain number of voter verifiable paper audit trail printers, known as “VVPATs,” that are randomly selected to ensure that the paper record produced by a VVPAT accurately records all votes cast by voters on a mechanical recording device. (NAC 293.255) A VVPAT is the device attached to a mechanical recording device and the paper it prints to record all votes cast by a voter for any and all candidates and for or against any and all measures, enabling that voter to visually verify that the mechanical voting system has accurately recorded the votes of the voter. (NAC 293.010)

This regulation provides that if a discrepancy of four or more votes is discovered during the postelection certification audit, the county clerk must immediately notify the Secretary of State and investigate the cause of the discrepancy. If the discrepancy cannot be resolved, the county clerk must randomly select an additional number of mechanical recording devices with attached VVPATs used in the election to audit. This regulation also requires the county clerk to include in the audit results transmitted to the Secretary of State an explanation of any discrepancy discovered by the county clerk and, if determined, an explanation of what caused the discrepancy to occur.

Section 1. NAC 293.255 is hereby amended to read as follows:

293.255 1. After each election, a county clerk shall conduct a postelection certification audit of VVPATs randomly selected pursuant to subsection 3 or 4, as applicable, to ensure that

the paper record produced by a VVPAT accurately records all votes cast by voters on a mechanical recording device.

2. A county clerk must conduct a postelection certification audit of a VVPAT by comparing each vote cast for each candidate and on each measure which was electronically recorded on the mechanical recording device to each vote cast for each candidate and on each measure which was recorded on the attached VVPAT. Such comparison may be conducted manually or by a mechanical device determined by the Secretary of State to be capable of accurately reading the votes cast and printed and otherwise qualified for use in the State pursuant to applicable state and federal law.

3. The county clerk of a county whose population is 100,000 or more must randomly select a number of mechanical recording devices equal to 2 percent of the number of mechanical recording devices with attached VVPATs used in the election, or not less than 20 mechanical recording devices, whichever is greater, for the postelection certification audit. *If a discrepancy of four or more votes is discovered during the postelection certification audit, the county clerk must immediately notify the Secretary of State and investigate the cause of the discrepancy. If the discrepancy cannot be resolved, the county clerk must randomly select an additional number of mechanical recording devices equal to 2 percent of the number of mechanical recording devices with attached VVPATs used in the election, or not less than 20 mechanical recording devices, whichever is greater, for the postelection certification audit.*

4. The county clerk of a county whose population is less than 100,000 must randomly select a number of mechanical recording devices equal to 3 percent of the number of mechanical recording devices with attached VVPATs used in the election, or not less than four mechanical recording devices, whichever is greater, for the postelection certification audit. *If a discrepancy*

of four or more votes is discovered during the postelection certification audit, the county clerk must immediately notify the Secretary of State and investigate the cause of the discrepancy. If the discrepancy cannot be resolved, the county clerk must randomly select an additional number of mechanical recording devices equal to 3 percent of the number of mechanical recording devices with attached VVPATs used in the election, or not less than four mechanical recording devices, whichever is greater, for the postelection certification audit.

5. The county clerk shall transmit the results of the audit to the Secretary of State within 7 working days after the date of the election. *The results of the audit must include, without limitation, an explanation of any discrepancy discovered by the county clerk during the audit and, if determined, an explanation of what caused the discrepancy to occur.*

6. Any member of the public who observes the postelection certification audit shall not interfere with the conduct of the audit.
